POSTCARDS

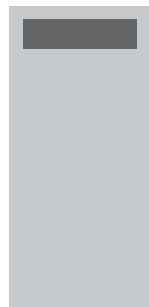

Postcards are a fantastic marketing tool for any business. They can be used to promote products or services, can be mailed, used for letterbox delivery, or be magnetised and put onto a fridge or filing cabinet. Because of the stock thickness, postcards will have a lasting impact on your customers.

Fridge Magnets

One way to stay in your customers' mind is to have them look at you every time they open their fridge by having one of your postcards magnetised. The magnets come in 2 sizes: 20 x 40mm and 78 x 20mm. We can supply and fit the magnets when you print your postcards with Dynamite.

Small Postcard
150 x 100mm
20 x 40mm Magnet

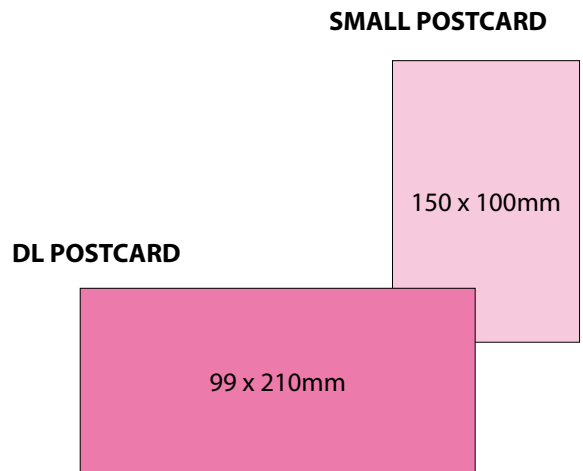

DL Postcard
99 x 210mm
78 x 20mm Magnet

Hole Drilling

You can have either one or two holes drilled into your postcards so they can be attached to your products or put into binders.

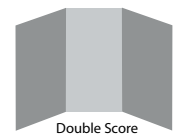

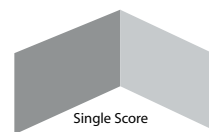

Numbering

Great for vouchers and tickets. You can have your postcards numbered in red in one spot on one side of your postcards.

Scored Postcards

Scoring your postcards will allow you to fold them over. You can have either one or two scores.

STOCK

300gsm Gloss Art -

This is a thick, durable stock that is glossy and prints well.

FINISHES AVAILABLE

Gloss Varnish -

Gloss varnishing will really lift any images on your postcards and give them a very shiny finish. It will also seal the ink to prevent ink from smudging.

Matt Varnish -

A matt varnish will give your postcards a smooth, silky feel and will prevent the ink from smudging.

GREETING CARDS

Our Greeting Cards are a great way to stay in touch with your customers. They all come with plain white, unprinted envelopes.

They are printed in 4 colour process or full colour and can be either single or double sided with the option of just black print on the inside.

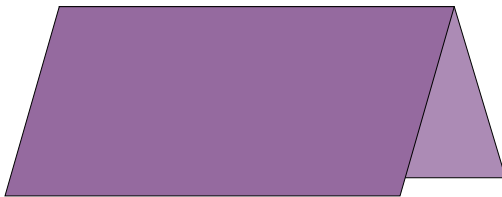

SMALL GREETING CARD

170 x 140mm
scored to
85 x 140mm

LARGE GREETING CARD

198 x 210mm
scored to
99 x 210mm

All Greeting Card orders are supplied with plain, unprinted white envelopes to suit their size.
